While referring to the subject cited, I write to inform you that several Degree Colleges and College Management Associations have submitted representations requesting to relax condition of having own building as a prerequisite to start New UG Combinations / Courses, keeping in view of the decrease in admissions, non-receipt of fee reimbursement amounts on time from the Government, demand for new combinations, etc.

After careful examination of the representations, it has been decided to relax the condition of having own building for the colleges which completed 5-years of existence, to start New UG Courses for the academic year 2011-2012 only. However, the condition stipulated for PG Courses insisting on permanent buildings of the college will hold good.

The Registrar / Dean, CDC of the University is requested to make a note of the said relaxation and take necessary steps while processing the applications for starting New UG Courses / Combinations.

Yours faithfully,

SECRETARY
